## *From the Desk of Paul Craven*

In theory, summer is now behind us but based on the current temperatures, tropical storm warnings, and high levels of humidity, that is seriously debatable! Even though kids are all settling in back at school, we've still got plenty of activity to cool off at the pool including our annual Labor Day Pool Party and Cookout from 11:30 am to 2:00 pm. I hope you will join us!

A quick glance at the calendar insert shows we're offering many ways to keep members busy this month! With the start of both the college and NFL football season, we will again offer many of the games on various TV's throughout our dining areas. Be on the lookout for specials on food and drinks for you to enjoy while watching your favorite teams. Other highlights during the month include a cooking demo with Chef Mike Ramsey on September 8th, Jacksonville Zoo Night on the 21<sup>st</sup> (yes, we'll have all kinds of animals at the Club), and our annual Oktoberfest Buffet and Party on the 30<sup>th</sup>.

I am sure you all have seen that work has begun on the fitness modular unit. We have more work to be done both inside and out in order to have this ready for a mid to last September opening. We will keep you updated via both email updates as well as notifications on the JGCC mobile app.

A new Member Survey will be coming out in late September. This will give the membership an opportunity to assess our facilities and services and give the Board feedback on the future direction of the Club. Please take this opportunity to provide us with the necessary feedback. There will also be space provided to share additional thoughts about the Club.

Be on the lookout this month for a State of the Club letter from your Board President, Rich Shafer. Rich provides an outline of the Club's performance to date as well as a review of the Board's preliminary work and plans regarding the long-term capital projects for the Club's golf course and fitness facility.

I'd like to close with a heartfelt thank you on behalf of Jaime-Ross Pesci and all of us at the Club for the generosity that members have shown in contributing funds to help her during her battle with breast cancer. I speak for the entire staff to say we are very thankful to be associated with such a supportive membership, and we are all looking forward to the day Jaime is back to work. As we receive updates on her prognosis, we will let you know.

*Paul Craven*
